

รายงานการวิจัยเรื่องการปฏิรูประบบวินัย อุตสาหกรรมและร้องทุกข์ของเจ้าหน้าที่ของรัฐ

The study was conducted on the basis of a reform plan of public administration to improve system of conduct and discipline and appeal procedure. The objectives are to examine present condition of public administration in terms of rule of discipline, existing problems of some issues of the rule and difficulty of regulation enforcement, to set up standards of conduct and discipline, and to establish a center for administering and adjudicating entire appeals. Researchers studied and compared systems of appeal in various countries, for example, United Kingdom, France, United States, Japan etc. The appeal procedures of Office of the Election Commission of Thailand, King Prajadhipok's Institute, Thai Airway International Public Company, Electricity Generating Authority of Thailand, Bangkok Bank and Charoen Pokphand Group are also investigated.
