

รายงานโครงการวิจัยประเมินผล การเลือกตั้งสมาชิกสภาท้องถิ่น พ.ศ. 2542

Abstract: Election Commissioners are an authoritative group who has a mission to hold and control an election of local council representatives as stated in the Constitution B.E. 1997. According to the problems of corruption and arising flaw in an electoral administration in 1999, an assessment is conducted to analyze opinion of the Commissioners on electoral preparing, monitoring and responsibility of local administration organization. In addition, the viewpoints of local people as well as officers regarding to a hindrance of electoral administrating, monitoring, corrupting and vote buying are considered. The entire of rules, regulations and notifications of election of local council representatives are reviewed to analyze the context. The sampling is consisted of municipalities and local administration organizations of which the 1999 election had been held.
